

Dreyfus Banking Cartel

The Dreyfus family are an extremely wealthy bloodline operating as Court Factors for the House of Bonaparte and the House of Orange. They own Louis Dreyfus Group which is one of the largest agricultural companies in the world with assets estimated at over 18 billion. Pierre Dreyfus is Vice Chairman of the Swiss bank Dreyfus & Sons. They own a private bank in Switzerland. They created the investment firm Dreyfus Corporation which is a subsidiary of The Bank of New York Mellon founded by the US Founding Father Alexander Hamilton who was from the Scottish noble family. The Dreyfus family are currently married with the Scottish Montagu banking family and they work closely with the relatives the Hamiltons. Charles Scharf was the CEO of BNY Mellon and also CEO of Visa and on the board of directors of Microsoft. John Charles Cardona is the current CEO of Dreyfus Corporation and Richard Hoey is its current chief economist. Louis-Dreyfus Group have major offices in New York City, London, Beijing, Geneva Paris and their headquarters is located in Amsterdam. Leopold Louis-Dreyfus founded Louis Dreyfus Group and was a French Knight of the Legion of Honour. Leopold's son Louis Louis-Dreyfus was a French politician and his other son Charles Louis-Dreyfus was a French Knight of the Legion of Honour. Robert Louis-Dreyfus was a recent Swiss businessman as CEO of Adidas and Saatchi & Saatchi. Robert's wife Margarita Louis-Dreyfus took over and she is worth about 9 billion. She is now with Philipp Hildebrand a Swiss banker and Vice Chairman of BlackRock Investment located in New York City with assets estimated at over 6 trillion and is the largest investment firm in the world. The billionaire Larry Fink is the CEO of BlackRock and Robert Kapito is its president. BlackRock is a criminal monopoly that uses its control over wealth to financially persecute small businesses. BlackRock finances Jay Z and his Roc Nation gang stalkers. Philipp Hildebrand was the head of the Swiss Central Bank, Swiss National Bank, board member for the Bank for International Settlements which was established by Nazis and he resigned due to accusations of insider trading. The one who exposed the insider trading was criminally charged for violating banking secrecy laws.

Alfred Dreyfus was the one accused of sharing military secrets with the Germans and this is known as the "Dreyfus Affair". The family claimed Anti-Semitism as their defense for the accusations which Alfred Dreyfus was later cleared of. If Anti-Semitism was so powerful a force in France then why were most of the wealthy families in France Jews like the Dreyfus, Javal, and Rothschild families and why do they continue to exist with more wealth today than ever? Why did the Dreyfus family move their company to the Netherlands which is ruled by the House of Orange who were literal Nazis? Prince Claus of the Netherlands was a soldier in the Nazi Wehrmacht division and Queen Beatrix's father Prince Bernhard of Lippe-Biesterfeld was a member of the Nazi political party and in the Nazi Sturmabteilung paramilitary division. Why would a family that claim to be persecuted for being Jewish move their business to a nation ruled by Nazis? I believe this was all theater. The Nazis actually persecuted anyone who opposed their fascist regime and these right wing fascist groups like the Nazis use Anti-Jewish propaganda as a cover while they actually persecute people that Rome has declared as heretics which can include anyone from any group, race, or religion. The Nazis actually used Jewish soldiers known as Mischlings and the Holy Roman nobility were directly involved with the Nazis and used what are called "Court Jews" to handle their finances. These Court Jews financed Germany's military industrial complex used by the Nazis. Monique Roosmale Nepveu is a French member of the Dreyfus family and she is worth over 1 billion as a shareholder of Louis-Dreyfus Group. Her husband has Dutch ancestry. Her sister is Marie-Jeanne Meyer and she is also worth over 1 billion. Their sister in law is Margarita Louis-Dreyfus and their cousin is Julia Louis-Dreyfus.

Julia Louis Dreyfus is the daughter of the deceased businessman Gerard Louis-Dreyfus who was worth about 3.4 billion. The reason these connections with the Nazis and fake Anti-Semitism is important is because the Dreyfus family fund Nazi style persecution and I have been a victim of their relentless persecution carried out by satanic Wiccan cults and other groups. Julia Louis Dreyfus is a high satanic Wiccan priestess and she is ruthlessly evil. Some witches refer to her

as Caesar. She oversees the Wiccan cults, develops spells, and has high command over initiated Wiccans. Julia Louis-Dreyfus is the modern day Jezebel a female false teacher who makes up insane lies that promote feminism. This Wiccan cult are heavily involved in abortions and trafficking aborted babies. The Dreyfus family carry out this persecution under orders from the House of Orange and House of Bonaparte and in return are allowed to be wealthy. They use their banking connections with the Bank for International Settlements, BlackRock Investment, Dreyfus & Sons, and Dreyfus Corporation along with their personal wealth to fund satanic cults. Billionaires are used like a wallet or purse that hold money and conceal transactions. A billionaire can withdraw a million in cash over a short period of time and use it for making pay offs and then get replenished later on from criminal profits from the Black Nobility's mafias which the billionaire puts back into the account. Billionaires have easier access to cash and are not recognized as criminals so this creates a layer of protection for making criminal payoffs. When the royals and nobles are vulnerable they use their billionaire agents and secret societies to create chaos, confusion, and carry out persecution as they attempt to escape to Asia, South America, Mid East and especially Argentina.

Margarita Louis-Dreyfus is the head of Louis-Dreyfus Group and worth about 9 billion. Margarita Louis-Dreyfus is a ruthless tyrant and major child murdering cannibal. She rapes, murders, and cannibalizes children on the Island of Margarita

which is a mafia run island in Venezuela. Her boyfriend is Philip Hildebrand the Vice-Chairman of BlackRock.

Philip Hildebrand is a criminal Swiss banker and Vice-Chairman of BlackRock.

Larry Fink is the CEO of BlackRock and a ruthless pedophile and financier of child trafficking rings and gang stalking. Larry Fink is controlling 6.5 TRILLION in assets and he uses this as leverage over economies, industries, and small businesses.

Robert Kapito is the President of BlackRock and another major pedophile that rapes little boys. They put pedophiles in high level positions and control over money to defend and spread corruption.

Julia Louis-Dreyfus is one of the most evil witches on the planet and her direct family is worth billions. She is a goblin. She has burned children alive, she has cannibalized countless children, and she bathes in the blood of murdered babies. This is why she supports abortion. These witches traffic and cannibalize dead babies. When these witches have an abortion they do it as a sacrifice. Abortion is a Wiccan sacrifice. Some of them do it secretly and eat their own babies. Julia eats human fetuses. They are disgusting freaks. She makes up completely insane feminist lies like "If a woman makes a man orgasm then that man submits to women and therefore women are god and women can kill babies because man has submitted." I swear that this crazy witch claims this and all her Wiccan followers say this exact same thing. The witches Jamie Cahill Bailey, Meghan Parsons, and Alison McCarthy-Senatro all work under Julia. Most female gang stalkers work under this ugly genetic sub human goblin called Julia Louis-Dreyfus.
